VIRTUAL DESIGN

PL

Zuma Line Virtual Design to program aktywnie wykorzystujący rzeczywistość rozszerzoną, dzięki któremu sprawdzisz jak poszczególne modele lamp z oferty Zuma Line wyglądają w Twoim mieszkaniu. Zostań projektantem wnętrz: Skanuj, wybieraj, rób zdjęcia i udostępniaj – to wszystko w darmowej aplikacji Zuma Line Virtual Design!

EN

Zuma Line Virtual Design is a program which actively uses augmented reality (AR). It will allow you to check how the individual models of Zuma Line lamps look in your home. Become an interior designer: scan, select, take photos, and share - all this in the free Zuma Line Zuma Line Virtual Design application!

Pobierz aplikację na Google play albo App Store | Download the app from Google play or the App Store

Każda lampa z serii Madera wykonana jest z litego drewna, które jest jedyne w swoim rodzaju. Struktura drewna, wybarwienie oraz usłojenie mogą być różne w ramach tej samej serii. Dzięki temu każda z lamp jest niepowtarzalna, co jest jej niezaprzeczalną zaletą, a nie wadą.

EN

Each lamp in the Madera series is made of solid wood, which is one of a kind. The structure of the wood, color and grain may differ within the same series. Thanks to this, each of the lamps is unique, which is its undeniable advantage.

———— BRASS LAMPS ————

PL

Seria lamp inspirowana oświetleniem okrętów morskich. Oprawy wykonane z mosiądzu i szkła zapewniają trwałą ochronę przed czynnikami zewnętrznymi. To właśnie dzięki wyższemu stopniu ochrony IP sprawdzą się zarówno na zewnętrznych elewacjach budynków, jak również w niektórych pomieszczeniach narażonych na pył i wilgoć. Struktura kloszy tej serii zapewnia ciekawy efekt rozproszenia światła. Rozwiązanie dobrze wyglądać będzie zarówno na budynkach prywatnych, publicznych, jak i komercyjnych.

EN

A series of lamps inspired by naval ship lighting. The fixtures, made of brass and glass provide durable protection from the environment. This is because of their higher IP rating that will work well on both on the exterior facades of buildings, as well as in some rooms exposed to dust and moisture. The structure of the shades of this series provides an interesting effect of light dispersion. The solution will look good on private, public and commercial buildings alike.
